For children in foster care, it brings a little normalcy to an abnormal situation. Heritage Camps

We are already in the midst of planning exciting and meaningful camp experiences for this year. We have some milestones to celebrate! It is the 25th year of Korean Heritage Camp, which means the 25th year of Heritage Camps for Adoptive Families, since that was our very first camp all those years ago. It is also the 20th year of our Chinese Heritage Camp, which was our third camp in the lineup of what is now 11 camps and one Adult Adoptee Retreat! It is amazing how we have grown in 25 years, and all because of the dreams and dedication of our staff, board of directors, and countless volunteers - adoptive parents, adoptees, community volunteers, and counselors. Thank you one and all - here's to a celebratory year !

children the opportunity to stay at an overnight camp for a week at no cost to foster parents.

Thanks to caring and generous people, more than 200 summer camp scholarships for foster children in NJ have been awarded since the program's inception, giving kids in care the chance to make happy summer memories that last a lifetime.

Summer camp is also a chance to give loving and caring foster parents a brief and well-earned respite. Every parent can benefit from rest, and foster parents can rest easy knowing the children are in good hands with a caring and professional staff.

With summer camp, foster kids can break free from technology's hold to experience the great outdoors. Instead of staring at their iPhones and playing Farmville, kids can swim and actually farm the land. They can hike, ride zip lines and go boating, all while surrounded by kids like themselves. It's a chance for foster kids to discover not only what they like, but who they are.
