

# Hello from the Heart Gallery!

Delilah, Age 14

**Click any photo to learn more about that child!**

The Heart Gallery serves as a bridge between children and families. For many families, it is their first step on the road to adoption. These pictures connect children to their forever families.

We have 34 Heart Galleries in Lane County. This is 34 opportunities to help a foster child find their forever family. 34 locations of hope!

## What We Do

The children in our Heart Gallery are not limited to children in Oregon. We feature kids from across the nation!

Not all children are photographed to be in the Heart Gallery, sometimes children just need a professional photo. We can make that happen.

Our goal is to provide whatever services we can to ensure that all children have access to as many resources as possible. No matter what state a child is in, we will do what we can to support them.

## Who Makes It Happen

- Our photographers. Without the photographers there would be no photos to hang, so we are grateful for all of the people across the nation, who give their time and expertise!
  - Our venue volunteers. We have seven amazing volunteers in Lane County that switch out photos in our venues. These wonderful people go out of their way to help us give foster children a place in the Heart Gallery.
  - Our Venues. We cannot thank our venues enough for allowing us to place Heart Galleries. Without venues, we would have nowhere to put these beautiful pictures!
